

Meeting Opening Ceremony

“Cub Scout Resource Conservation”

This ceremony is intended to be conducted as an opening ceremony for a Pack Meeting. It highlights the importance of Resource Conservation in Scouting. It uses the examples of recycling, conserving energy, and Leave No Trace to highlight the concept of resource conservation. This ceremony is intended to be conducted by the Cub Scouts of a single Den.

Cub Scout Leader: Resource Conservation is as much a part of Cub Scouting as Cub Scout Spirit.

Cub Scout 1: A Cub Scout does not waste energy

All Cub Scouts: *Cub Scouts help conserve our natural resources*

Cub Scout 2: A Cub Scout respects the outdoors

All Cub Scouts: *Cub Scouts follows the ideas of Leave No Trace*

Cub Scout 3: A Cub Scout does not litter or throw anything away unnecessarily

All Cub Scouts: *Cub Scouts recycle and reuse things whenever we can*

Cub Scout 4: A Cub Scout makes the most out of everything available.

All Cub Scouts: *Cub Scouts are resourceful in all that we do*

Cub Scout Leader: Resource Conservation is as much a part of Cub Scouting as Patriotism. Please join us now in the presentation of our Nation's Colors.
